Dear Mr. Shepherd:

U.S. and Illinois EPA have reviewed the "Third Work Plan Supplement - Waukegan Remedial Site." Please incorporate the following comments into the document and resubmit it as a final document to U.S. EPA and Illinois EPA within seven days of your receipt of this letter:

1. Page 4, Subsection 2.3.1., last sentence - delete "Although it is unlikely that fibrous emissions would occur from the non-friable ACM present, nonetheless" from this sentence.
2. Figures 2.5 and 2.7 - a statement of what is to be done with the material generated from the excavated keys must be included in the document.
3. Page 5, lines 6 and 7 - delete "non-friable" and "although it is unlikely such a release would occur" from these lines.
4. Page 6, last two lines and Page 7, first line - delete "Although it is unlikely that fibrous emissions would occur from the generally non-friable material present" from these lines.
5. Page 8, last paragraph - delete this paragraph and add the sentence "Perimeter passive air monitoring will not be performed." to the end of the previous paragraph.
6. Page 9, second line - delete "150" and replace it with "60."
7. Page 9, third line - insert "and U.S. EPA and Illinois EPA approval of the O&M Plan" between "date" and "long-term."
